of commodities and human lives archives inevitably and these archives more than most help to shape current debates about dispossession the colonial past and the postcolonial future of new mexico for this reason the task of understanding the role of archives archival documents and the kinds of stories that emanate from them has never been more urgent let this effort and the key provided by twitchell in his two volumes open the doors wide for knowledge to be useful today and tomorrow from the foreword by estevan rael galvez new mexico state historian
